St. Susanna Youth Faith Formation is a dynamic program which strives to enthusiastically share our faith with our youngsters. Faith – a friendship with God and to come to live within God – is a process. We like to make our youth realize that God is not someone out there and far away but rather very close, living within and around us at all times. We seek to grow with our young members to become a community of faith centered on worship, prayer, community and service. Our time together reflects these core values and practices.
